Enterprise Singapore Overseas Market Workshop

The Digital Economy and Smart Era: New Development, Trends and Opportunities

数字经济与智能时代:新进展 • 新趋势 • 新机遇 26 May – 1 June 2019 ● Beijing & Tianjin

The Overseas Market Workshop is jointly organised by Enterprise Singapore (ESG) and Singapore Chinese Chamber of Commerce & Industry (SCCCI).

Conducted in Mandarin

Technological innovation has entered its most dynamic phase in the 21st century. A new round of technological revolution and industrial transformation has now redefined global innovation and the global economy. Smart industry is drastically changing the modes of business production and social lifestyle. The knowledge-based economy and information economy have created the smart economy which is distinguished by the exponential growth of IT transformation and disruptive innovation.

Why should I participate?

At the end of the programme, participants will be able to:

- Understand the latest development of China's digital economy and smart industries
- Gain insights into smart solutions and practical case studies (smart manufacturing, smart education, smart medical care, smart eldercare etc.)
- Learn about the integration of China's digital economy and the real economy
- · Explore potential business opportunities for Singapore companies in China

What will it cover?

- Lessons and case study analyses will be conducted by academic professionals and industry leaders
- Topics include:
 - Macro Digital-Economy and Business Transformation
 - Business Innovation in the Smart Economy Era
 - Blockchain and China's Digitalisation Strategy
 - Artificial Intelligence and Its Future Applications
 - Case Studies and Analyses on Business Innovation
